INTERNATIONAL CHESS COMPOSITION COMPETITION  
held during the 55th WCCC

**Dear colleagues!**

Almost all of us must have small chess tasks, made in moments of creative revelation just for the soul. They are not for competitions and they remain unpublished. They certainly are the author's "pearls".

They are popular practices among chess problem enthusiasts and the way to a composition often begins with them.

We invite to our competition such tasks with a "twist" – orthodox, small (not more than 10 pieces), and the theme is optional.

We invite everyone, including those not participating in the Congress, to provide the diagrams with the solution to Mr. N. Velikiy till 20:00 19.09.2012. E-mail entries (karkas\_2004@ukr.net) should be submitted before 10.09.2012.

Judge – NN.

Unique Ukrainian prizes will be awarded to the winners.
